FIREFIGHTING WATER TANKS

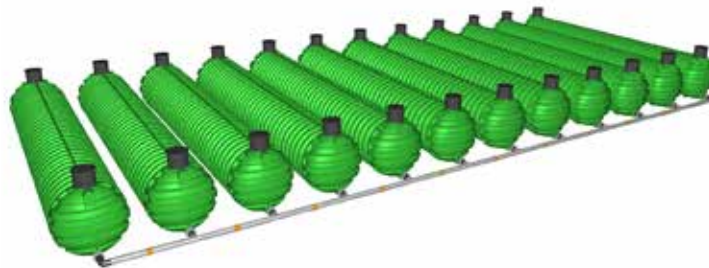

Roterra water tanks

Volume [L]	Code	Dimension A x B x C [mm]	Cover [mm]	Weight [kg]
22.000	7100062570	6280 x 2300 x 2350-2850	2x Ø600	820
25.000	7100862570	7370 x 2300 x 2350-2850	2x Ø600	1040
30.000	7100062350	8450 x 2300 x 2350-2850	2x Ø600	1080
35.000	7100862370	9890 x 2300 x 2350-2850	2x Ø600	1340
40.000	7100062370	10970 x 2300 x 2350-2850	2x Ø600	1380
45.000	7100862420	12410 x 2300 x 2350-2850	2x Ø600	1640
50.000	7100062420	13490 x 2300 x 2350-2850	2x Ø600	1680

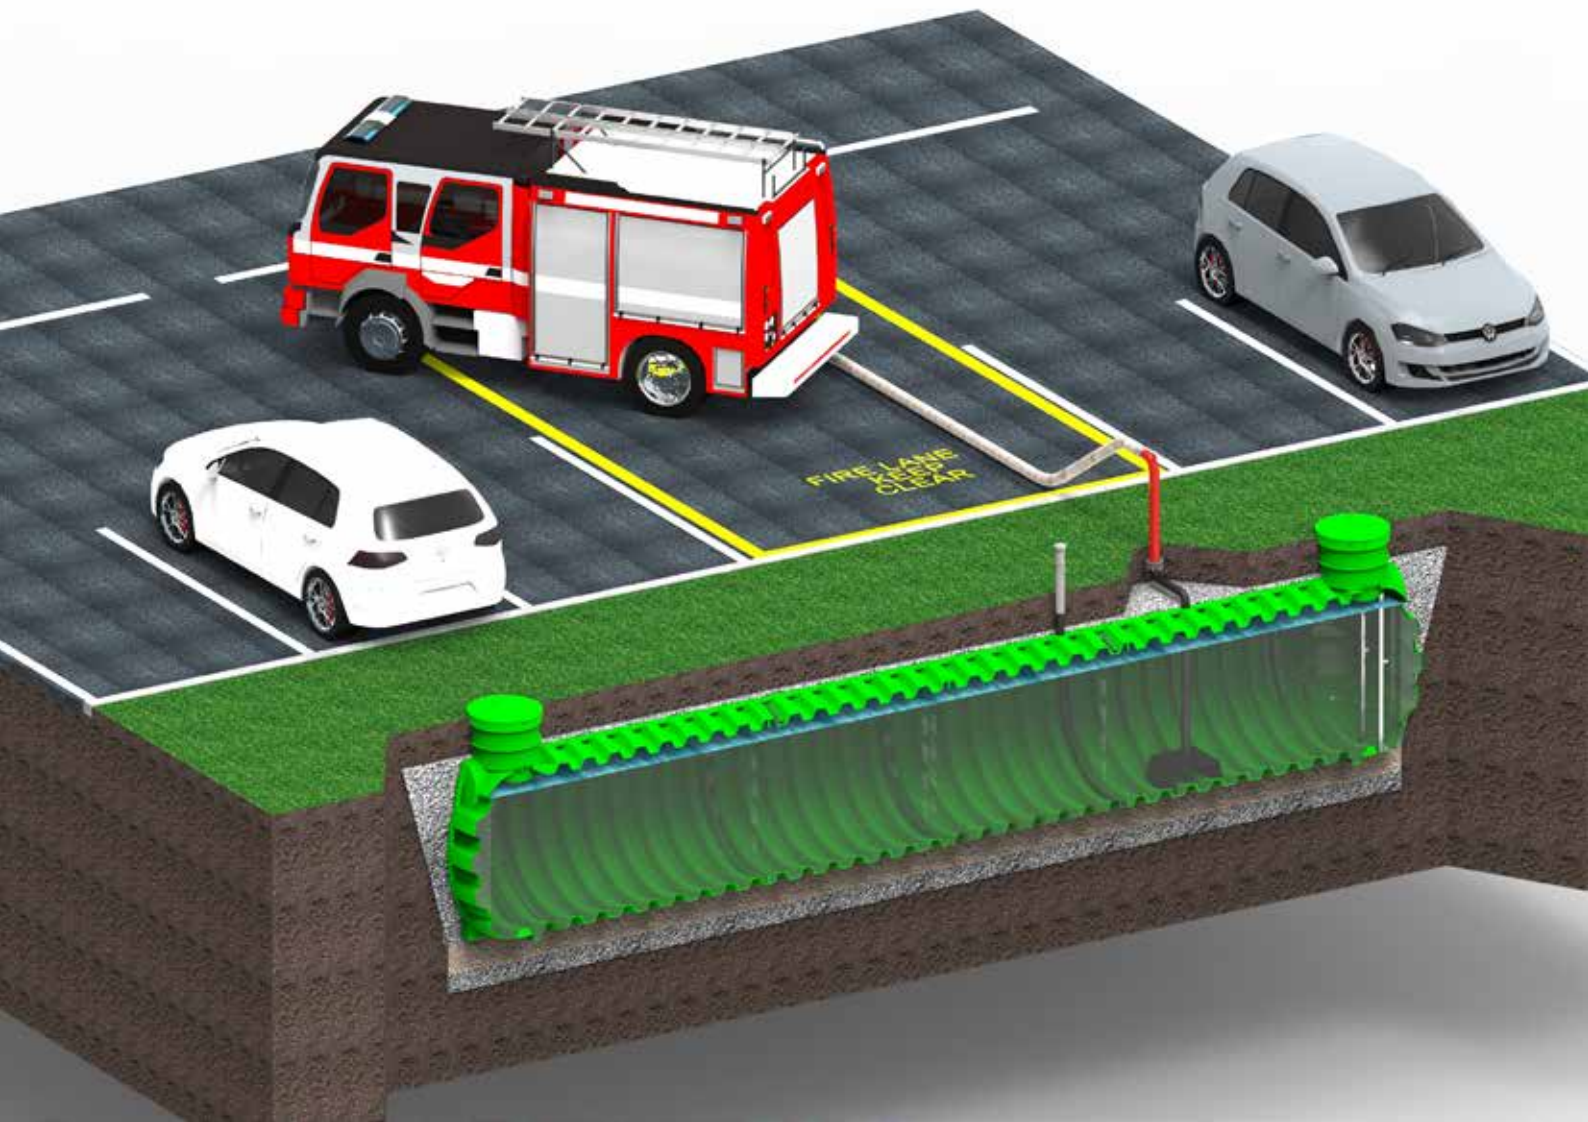

components

- According to DIN 14230.
- Complete system fully factory assembled
- optional: on-site assembly
- Standard components for universal solution
- Custom design equipment according to project

Additional equipment:

1. Access opening DN1000, DN800
2. Welded plastic suction pipe up to DN 250 (incl. Anti-vortex plate)
3. Firefighting water intake connection with A coupling (plastic or stainless steel)
4. Ventilation tower up to DN 160 (plastic or stainless steel)
5. Access ladder (incl. Suitable fastening set) – stainless steel
6. Inlet / outlet PE connection

roto
since 1949

ROTO's headquarters is in the Slovenia. The company employs more than 450 people and had revenues of €40m in 2017. Production is organized in 6 locations in four countries. ROTO exports more than 70% of its products to 52 markets around the world. Run by the Pavlinjek family, the company has built a global reputation for the quality of its products.

ROTO manufactures more than 4,000 different products. Many of them are made using rotational molding. Indeed, ROTO is one of the market leaders in its industry. It has been responsible for many innovations in plastic-molding technology during the last 45 years and has worked closely with universities, institutes and plastics industry associations.

Our company has established a quality system ISO 9001:2015 and ISO 14001:2015.

The company's main production segments are products for agriculture, ecology, gardening and sport. Using plastics composites and the latest production technologies, ROTO also makes kayaks, canoes and high-performance boats.

ROTO works to increase its products' value by enhancing their design, intelligently using materials and modern production technologies, and ensuring a high-quality nish. The company also takes great pride in its after-sales service.
